Kills Big Snake

Ten Year Old Boy Also Saves Two Children From Attack by Reptile

How Ernest Trumbower, ten years old, saved the lives of two children from the deadly fangs of a big moccasion snake on his parents farm yesterday and then killed the reptile, today is being told by residents around Springfield, Fairfax county.

The lad saw the snake with its fangs set ready to spring on his 6 year old baby brother. Quickly young Trumbower snatched aside the infant from the reach of the snake and with his foot pushed back his three year old sister from the reptile and afterward succeeded in killing the snake.

The snake was nine inches in diameter and four feet long.

DEMOCRATIC RALLY SEPTEMBER 24

Secretary of War Baker and Representative R. Walton Moore to Speak

OPENING GUNS HERE

Following Rally a Cox, Roosevelt and Moore Club Will be Organized—Women Invited.

Secretary of War Newton D. Baker and Representative R. Walton Moore, of the Eighth Congressional district, will be the principal speakers here at a democratic rally in the opera house the night of September 24.

The date for the rally was fixed upon today and the affair will be in the hands of the city democratic committee.

This will mark the opening of the democratic campaign in Alexandria and all democrats and others interested in the party are urged to attend this meeting. The women of the city especially are invited to be present.

Secretary of War Baker is regarded as one of the foremost speakers in the country and those who attend will attend be amply repaid for their time in hearing this able speaker.

Alexandria indeed is fortunate in securing Secretary Baker.

Representative Moore also is an able speaker and will give an account of his work in Congress. Although in Congress but a comparatively short time Representative Moore has accomplished splendid results for his constitutents and for this he will be returned to Congress by an overwhelming majority there is no doubt.

Plans for launching the democratic campaign here were discussed at a recent meeting of the city democratic committee which was attended by Mr. Moore and the members of that committee. Immediately following the monster mass meeting planned it is proposed to organize a Cox, Roosevelt and Moore Club. Already hundreds of citizens have signified their intention of becoming members of this club. Officers for the club will be selected by the members at a meeting to be held in the near future.

30 MILLION FUND.

Governor Cox Doubles Original "Corporation" Money Total in Denunciation.

Nampa, Idaho, Sept. 15.—Governor Cox increased the amount he charges the Republicans are raising "to buy the Presidency," from $15,000,000 to $25,000,000 to $30,000,000 in reply to a heckler here today.

"If you are elected President, how do you expect to restore conditions in America to normal after the war when eighty per cent of the wealth is in the hands of two per cent of the people?" a farmer asked.

"I will tell you how," the Governor replied. "If the ninety-eight per cent of the people will forget politics and help me lick the two per cent that is raising a fund of from $25,000,000 to $30,000,000 to beat me we will make government an agency of the people and not of the two per cent."

Previously the candidate had declared he intended to prosecute corporations contributing to the Republican campaign fund. He said:

"If the Standard Oil Company and other corporations have violated the laws as they proposed doing, I intend to prosecute them, bear that in mind.'

Halts U. S. Ships

English Admirality Announces No Eastern Bound Vessel May Call at Queenstown.

London, Sept. 15.—Until further notice "no ship or vessel carrying passengers eastern bound is to enter the port or harbor of Queenstown," says a notice by the British Admiralty printed in the Official Gazette last night.

The order, which takes effect forth with, was issued under the restoration of order in Ireland regulations.

Sinn Feiners conducted 637 raids for arms in Ireland in the week ending September 4, according to Irish officers reports, which officials says is most significant in view of the fact that such raids numbered about 100 monthly up to August 28. The military has been kept busy raiding to get back these arms, a series of raids by soldiers being carried out at Queenstown today.

Precautions against violence have been extended to London, where chains have been placed inside the Irish officer's doors, with orders to keep them secured except when admitting visitors.

"You can't tell what might happen these days" was the only explanation.

"The Lord Mayor's condition is unchanged," says the bulletin issued today by the Irish Selfdetermination League, dealing with Lord Mayor Terence MacSwiney, of Cork, who is on a hunger strike in Brixton prison. The league, it is said, obtains its information from members of the MacSwiney family who visit him and from Father Dominic, his spiritual adviser.

After a cabinet meeting held today to consider individual disputes it was stated that the Government's attitude regarding Lord Mayor MacSwiney had undergone no change.

London, Sept. 15.—A call for Ulster volunteers has been issued. Arms are ready for distribution.

Speare promised to carry out the order of the court. The court stated that if Speare was found on the streets and not having work a sentence of six months would be given him. SUFFRAGE RATIFIED BY NUTMEG STATE

Only Eleven Votes Against Measure In Both Houses

SPECIAL SESSION

Next Tuesday Fixed as Time for Ratification—Disregard Warning by Gov. Holcomb.

Hartford, Conn., Sept. 15.—By a vote of 216 to 11 in the House and by a unanimous vote of 33 in the Senate the Connecticut Legislature this afternoon ratified the Federal suffrage amendment in disregard of Governor Holcomb's instructions that it should confine itself to the specific business of changing the State laws for new women voters and in defiance of his warning that legal complications might ensue if the members did not wait for the second special session, which he called this noon to meet next Tuesday.

The Assembly then proceeded to consider all serts of legislation under suspension of rules and so rapidly that some members did not know what was happening bills were passed

This afternoon the Judiciary Committee held an extended hearing on various bills relating to changing the present inadequate period for registering new voters, abolishing the Connecticut plan of "lists of voters to to be made," making election day a legal holiday, authorizing local election officials to split up large voting district, if necessary, this fall, substituting the old Australian ballot system if enough new voting machines can't be secured in time and similar propositions.

Both branches, with a cheer and whoop, ardently joined in by the hundreds of finally triumphant and long-presevering suffragists, adjourned until next Tuesday at 11 o'clock. The leaders plan to have all controversial matters so settled that by that time they will have passed all the necessary business and have adjourned sine die by noon. Then without leaving their seats, they will be reconvened in another special session, to which they were summoned today by the Governor.

There being nothing else for them to do, and there being no serious opposition to the course, they will proceed to let the Governor have his way and will again ratify the particular suffrage amendment resolution that the Governor submits, the same documents which he received from Washington 18 months ago, but with held today.

Washington, Sept. 15.—Ratification of the Nineteenth Amendment by the Legislature of Connecticut is pronounced illegal by Miss Mary C. Kilbreth, of New York, president of the National Association Opposed to Woman Suffrage. She bases this claim on a provision in the Connecticut Constitution, which prevents the Legislature from considering any topic not mentioned in the Governor's call for a special session. In her opinion ratification in Connecticut is "as illegal as in Tennessee."

According to Miss Kilbreth, an original suit to test the validity of the suffrage amendment has been initiated in Vermont and will be pushed to a conclusion.

It was declared by Miss Kilbreth that the antisuffrage women already had demonstrated their numerical superiority at the polls in the nomination of Senator Moses, an antisuffragist, in New Hampshire, and Frederick H. Parkhurst, an antisuffragist in Maine, and predicted a similar result in New York, where suffragists are trying to defeat Senator Wadsworth today.

With ratification by Connecticut today the woman suffrage amendment, suffrage leaders will now turn to the special session of the Maryland Legislature, which meets Septem

Wadsworth In Lead

Has Double Total Vote of Other Two Republican Candidates For U. S. Senator

New York, Sept. 15.—Early returns from the New York State primary held yesterday gave substantial majorities to both Republican and Democratic organization candidates in all Statewide contests.

Nathan L. Miller, of Syracuse, former Judge of the State Court of Appeals, who received the endorsement of the unofficial Republican State convention, had a lead of 2 to 1 over State Senator George F. Thompson when returns from 1,563 districts out of 7,274 in the State had been tabulated. The vote was: Miller, 45,515; Thompson, 22,530.

United States Senator James W. Wadsworth Jr., who is a candidate for renomination and has the endorsement of the State organization, had a lead of more than two to one over the combined vote of two opponents. Mrs. Ella A. Boole, president of the State branch of the Women's Christian Temperance Union, and George Henry Payne, New York tax commissioner. The vote in 1,321 districts was Wadsworth 38,515; Boole, 9,164; Payne, 5,807.

In the Democratic party Lieutenant Governor Harry C. Walker, organization candidate for the nomination for United States Senator, had a lead of more than two to one over Mayor George R. Lunn, of Schenectady, a former Socialist. The vote in 1,650 districts was: Lunn, 13,049, Walker, 32,866.

Columbia, S. C., Sept. 15.—Leading his opponent, George Warren, by more than 14,000 votes, Senator E. D. Smith apparently had been renominated for the United States Senate on the basis of incomplete returns from today's Democratic runoff primary, compiled late last night by Columbia State.

The returns gave Smith 47,042 votes and Warren 32,469.

Montpelier, Vt., Sept. 15.—In the scattering early returns from the Vermont State primary yesterday James Hartness, of Springfield, was leading for the Republican nomination for Governor over three other candidates. Congressman Porter H. Dale was running second to John W. Gordon, of Barre, in the Second Congressional district, and Ernest W. Gibson, of Brattleboro, trailing. Senator William P. Dillingham and Congressman Frank L. Greene, in the First district were renominated by the Republicans without opposition.

There were no contests on the Democratic ticket.

FAIRFAX WANTS AID FOR ROAD WORK

Council Petitioned to Pay Half of Interest Charges For Five Years

COMMITTEES NAMED

To Elect Four School Trustees and Two Police Commissioners at Next Regular Meeting.

A resolution that the city of Alexandria pledge itself to pay one-half of the interest charges for a period of five years to Fairfax county on the money borrowed to aid in the construction of that county's part of the Little River Turnpike highway which will extend from this city to Winchester was presented to city council last night by the board of supervisors of Fairfax through the chamber of commerce and referred to the joint committee on finance and streets. President Burke explained that the measure is one of considerable importance to this city as it opens up a great highway to a rich and prosperous country which will be of great benefit to the merchants of Alexandria.

Councilman Tiler introduced a resolution appropriating the sum of $5,000 to pay off the public school teachers for the month. Owing to the fact that action could not be taken the night of its introduction it was decided to hold a special meeting at 7:30 o'clock Friday night to take action.

Ordinance presented by Councilman McCaffrey to regulate the placing of signs on King street was referred to the street committee. Wooden signs are to be used, none but metal and electric being allowed. It provides for a fine of from $5 to $50 for violations of its provisions. The matter was referred to the street committee.

Resolution of Councilman Wattles appropriating $3,000 to pay coal bill for city gas works was referred to the finance and light committee.

Resolution making an additional appropriation of $4,000 for the city fire department to be expended by the fire committee of city council was referred to the committee on finance and fire.

A communication was received from Gilbert J. Cox, clerk of the city school board, setting forth that the salary of the superintendent of public schools of the city under the new school code had been fixed at $2,000 a year of which the state will pay $935 and the city $1,065 and though this is an increase it was explained that the city will pay the superintendent $185 less than formerly, the state making

A HOPE DEFERRED.

Senator Harding, being asked by newspaper men to comment on Mr. Wickersham's recent statement regarding the Senator's attitude on the League of Nations, replied:

"Mr. Wickersham's statement calls for no construction from me. We do not write statements for our visitors nor censor their words. This is not a campaign of one mind, nor is there any reason that all Republicans should think precisely as the nominee thinks.

I have spoken in the speech of acceptance and again on August 28 on the matter of the League of Nations, and the purpose uttered in these addresses will not be altered."

If there is anyone who is still in darkness as to what his purpose is he must not ask of the Senator further clarification. In this same reply to the newspaper men he emphasized the fact that he must not be pestered for specifications. It would be unreasonable, he insisted, to expect specifications until after he is elected and he has conferred with his advisers and they have arranged among themselves the specifications.

But this is anything but a reassuring proposition. Senator Harding has been conferring with his advisers ever since he was nominated. Particularly did he confer with them prior to the delivery of his clarification speech of August 28. They made beaten tracks to his home from all parts of the country. They were his own pick among his advisers, and they came to him by appointment.

But what is the result of all his conferences with the wise men of his party?

There is as much confusion as ever as to his position on the League of Nations. Some of his supporters say it is one thing, while others say it is still something else. As for his opponents, they say anything about it they please and find ample warrant in the speeches and statements he has made since his nomination.

Why, then, should the country look forward hopefully to conferences with his advisers several months hence? If these conferences have been no more effective in shaping a definite policy on the League now, why should they be expected to be any more effective after the election?

STRANGE CASE OF VOLSTEAD.

"A plague on both your houses" is the verdict of the Supreme Court of Minnesota in the case of Mr. Volstead, sponsor of the act that bears his name. It will be recalled that he was defeated in the Republican primaries by a clerical rival, who was afterwards disqualified by a lower court on the ground that in stigmatizing Mr. Volstead as an atheist he had violated the Corrupt Practices act. Mr. Volstead had no difficulty in proving that the charge was false and that, so far as it influenced the election his opponent had won unfairly. He was then declared the lawful nominee of the party.

Now comes the Supreme Court, rendering a judgment on appeal, with a decision that the judgment of the lower court must be modified to the extent of eliminating the clause declaring Mr. Volstead the nominee. It gives no reasons, simply remarking that these "will be stated in an opinion to be filed at a later date." The advance notice is presumably to enable the party to select a new candidate. If the Republican Congressional Committee of the district, which will probably take action to this end, should select Mr. Volstead, would his candidacy then be valid? Or is he, like his opponent, barred permanently from the door? It will be interesting to have the full opinion of the court upon this unique and curious case.

REDS ADVANCE ON POLES, CLAIM

Paris, Sept. 14.—The Russian troops on the Polish frontier are continuing to advance according to the official wireless from Moscow today. It is claimed that several localities to the west of Grodno have been occupied and that the Red forces are going ahead in the Brest-Litovsk area.

According to the Copenhagen Tidende, Leon Trotsky, the Russian war minister, arrived at the front to take personal charge of the fighting. The Reds, it is asserted, are preparing a winter campaign.

An unconfirmed report reached here today saying that there had been a serious anti-Bolshevik uprising at Petrograd and that the personne of the fleet joined in the affair and bombarded Gronstadt. A similar report reached here several weeks ago. It was subsequently proven utterly without foundation.

IN MEMORIAM

LUMPKINS—In sad and loving remembrance of a dear husband and father, PATRICK H. LUMPKINS, who died so suddenly one year ago today, September 15th, 1919.

Dear is the grave where my husband is laid,
Sweet is the memory which never shall fade.
Flowers may wither, leaves fade and die,
Others may forget you, but never shall I.
Sleep on, dear husband, take your rest;
God called you home, he thought it best.
He saw your suffering here in silence
Was great, and opened wide the golden gate.

His devoted wife.

Our thoughts are always wandering
To the grave not far away.
Where our dear father is lying
In his peaceful, lonely grave.

His devoted children.

IN MEMORIAM

LUMPKINS—In loving remembrance of our dear brother in law, PATRICK H. LUMPKINS, who died one year ago today, September 15th, 1919.

The month of September once more is here,
To us the saddest of the year,
Because one year ago today
Our dear brother-in-law suddenly passed away.
The flowers we place upon his grave
May whither and decay,
But the love for him who sleeps beneath,
Will never fade away.

His devoted brother in law and wife, Mr. and Mrs. Philip P. Webb.

SCHAFE—Sacred to the memory of our beloved son and brother—Wm. T. SCHAFE, departed this life, one year ago today.

We stood beside the bedside,
We saw his life depart
And when we saw that he was dead
It nearly broke our hearts.

How hard we tried to save him,
Prayers and tears were all in vain,
Happy angels came and bore him,
From this world of grief and pain.

We shall never cease to love you,
Though your form be in dust,
And some day we shall be with you,
To this end in God we trust.

By this devoted mother, brothers and sisters. 221-1p.

ments With 18th mendment; Lands In Jail

New York, Sept. 15.—A bewildered policeman, Henry Roth, listened in amazement in the West Side this morning to a description of his efforts to find a lodging last night. He said it was all news to him, and he earnestly pleaded "not guilty of anything whatever, Your Honor." Nevertheless, he was held in $3,000 bail on a charge of burglary.

The complaint was by Capt. Clay Anderson, U. S. A., home on leave. He and his wife retired at 10 o'clock last night. Their two children—Mary, 4 years old, and Edna, 7—were sleeping in a room that has a window on the fire escape. A little before midnight Mrs. Anderson heard Mary scream and ran to the children's room.

She says she found Roth there, very sleepy, sprawling in the middle of the bed, monopolizing the covers, while the terrified children huddled against the wall.

Mrs. Anderson grabbed the intruder by the coat collar and shook him. Her husband also shook him. He struggled, but was speedily subdued, and Detective Devanney took him to the station, where he was given lodging.

Roth said he had been experimenting with the Eighteenth Amendment yesterday.

This morning Mrs. Heizer faced the magistrate in the Southwestern police station and admitted that she had been drunk, and proud of it. She said it was a distinction to be drunk these days.

The Dirt You Cannot See

NO true housekeeper is satisfied with mere surface cleanliness. The family's health and her own peace of mind demands the complete removal of hidden dirt with its lurking germs as well as that which can readily be seen on the surface.

Dirt cannot resist the powerful, purifying air stream of the Royal. It gets all the dirt on the rug, deep down *in* the rug and even *underneath*.

Draperies, furniture, walls, ceilings, mouldings and "out-of-the-way" corners and crannies all quickly and easily yield their toll of dirt and dust to the Royal, which cleans by air—*alone!*

"All right, Bill— You can stop reading 'em"

BILL TOLD me.
HE HAD a good joke.
ON THE maker.
OF A well-known brand.
OF CIGARETTES.
LAST NIGHT, Bill said.
HE READ an ad.
OF THIS cigarette.
IN A magazine.
IT SAID "They Satisfy."
AND THIS morning.
IN HIS newspaper.
HE READ "They Satisfy."
AND ON a billboard
AND ON a card.
IN THE street-car.
AND IN the dealer's window
AND ON the counter.
HE READ "They Satisfy."
AND HE bought a pack.
OF THESE cigarettes.
AND I asked him.
"WHERE'S THE joke, Bill?"
AND BILL said,
"WHY THE darn fools.
SPENDING THEIR money
PICKING ON me."
SO I said, "You bought 'em.
DIDN'T THEY satisfy?"
AND BILL said "Sure.
BUT HERE'S the joke.
FOR OVER a year
I'D ALREADY been smoking
THAT BRAND."

In packages of 20 protected by special moisture-proof wrapper. Also in round AIR-TIGHT tins of 50.

WE admit it, the joke's on us. And over three million other smokers are "in on it" with Bill. But the real joke is on anybody who looks for "Satisfy" anywhere but in Chesterfields—for the Chesterfield blend *can't be copied!*

Physician Explains Why He Prescribes Nuxated Iron for Run-Down, Anaemic People

Says It Quickly Increases the Strength and Energy of Men and Brings Roses to the Cheeks of Nervous, Run-down Women

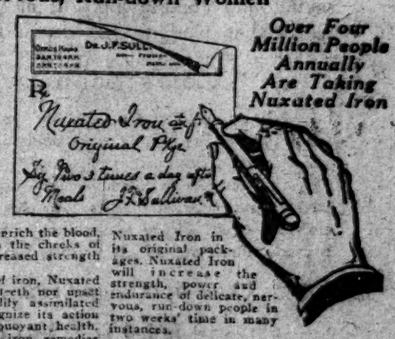
Ask the first hundred strong, healthy looking people you meet to what they owe their strength and energy and see how many reply "Nuxated Iron."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), of New York and the Westchester County Hospital says: "Thousands of nervous, run-down, anaemic people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron—to quickly enrich the blood, and thereby put roses in the cheeks of women and give men increased strength and energy.

Unlike the older forms of iron, Nuxated Iron does not injure the teeth nor upset the stomach, but is readily assimilated and you can quickly recognize its action by a renewed feeling of buoyant health.

No matter what other iron remedies you have used without success if you are not strong or well you owe it to yourself to make the following test:

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. To be absolutely sure of getting real organic iron and not some form of the metallic variety always ask for Nuxated Iron in its original packages. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people in two weeks' time in many instances.



Over Four Million People Annually Are Taking Nuxated Iron

MANUFACTURERS' NOTE: Nuxated Iron, which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists in tablet form only.

PHILA. GIRL REPEATS ATLANTIC CITY RESCUE

Atlantic City, N. J., Sept. 15.—Miss Madeline Schendall, the pretty Philadelphia girl, who rescued a woman from drowning last Sunday evening, again played the role of a heroine, when, together with the Life Guard Myers, she went to the assistance of Miss Sarah Johnson and John Washington, two bathers, when they called for aid at the foot of North Carolina avenue.

The couple called for help when caught in the swirl of a current. Miss Schendall and the life guard were fifty yards away, but both swam out. Each grasped one of the bathers and held them up while Guards McCullum and Hughes came to their assistance with the surf boat.

Suspect U. S. Tourists of Pilfering in French Fort.

Paris, Sept. 15.—Because a group of American tourists are believed to have taken three electric light globes as souvenirs during a visit to Fort de Vaux, the military authorities of the erdun area have decided no longer to allow visitors to penetrate the historic site. The identity of the souvenir hunters is not known but the authorities threaten to close other areas unless greater respect is paid the battle fronts. They contend that some persons have even removed the metal nameplates from crosses in the cemeteries in their wild lust for war souvenirs.

A TALK WITH AN ALEXANDRIA MAN

Mr. Frank E. Roat, Blacksmith of 107 South Payne Street, Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give her an interview with an Alexandria man:

"I had trouble with my back," says Mr. Roat. It was weak and lame and sometimes the pain was pretty bad; I could hardly bend over or straighten up Mornings my back was so sore it felt like pins and needles when I touched it I also had bad headaches. Nights I had to get up five or six times, and when morning came I was all tired out. This went on until I was advised to use Doan's Kidney Pills. I got Doan's at Leadbeater's Drug Store and they certainly reached the spot. My kidneys acted regularly again and I got wonderful relief from the pains in my back. Since then I have used Doan's once in a while to keep my kidneys toned up."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Roat had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Mrs. M. E. PROCTOR, who says she is so grateful for what Tanlac has done for her that she wants the whole world to know about it.

"I am so grateful for what Tanlac has done for me that I want to tell the whole world about it," said Mrs. M. E. Proctor, of 717 W. First St., Los Angeles, Calif.

"Yes, indeed; for years and years I suffered terribly from stomach trouble. Everything I ate seemed to form gas and so affected my heart and breathing that I would have palpitation and would turn purple in the face in my efforts to get my breath. These attacks caused me intense suffering and were so bad that I was frequently confined to my bed and would have to be attended by some member of the family for fear I should succumb during one of the attacks.

"I got awfully thin and was so weak that I had to give up all house-hold duties. I often went for two weeks at a time without getting a good night's sleep and as a consequence became very nervous and low-spirited In fact, I was a confirmed invalid and my friends did not expect me to live very long.

"I sent for a bottle of Tanlac and started taking it and the results have been most surprising.

"My appetite is splendid now and I can eat most anything without any distress afterward. The gas has stopped forming and I no longer have palpitation or that smothering feeling. I sleep sound all night long and get up feeling rested. I am in better health today than I have been for forty years and I feel years younger.

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and Gibson's Drug Store.

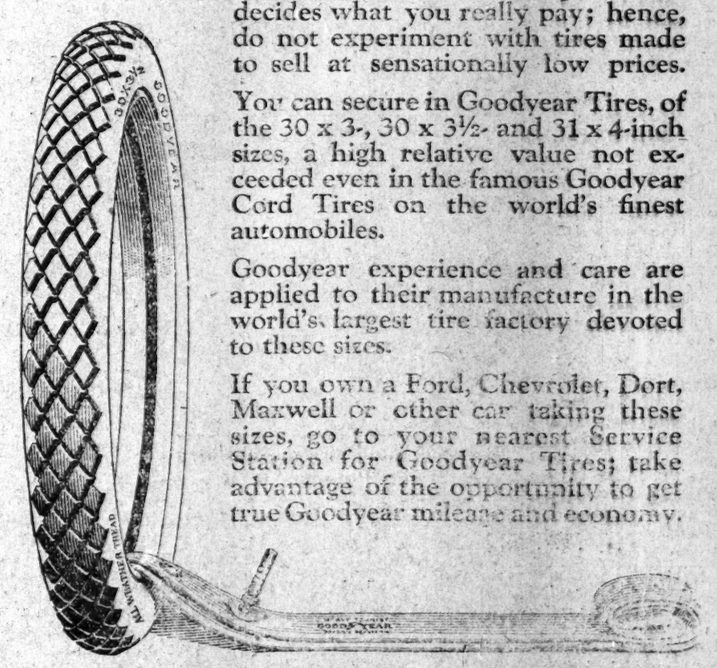
Ride *Farther* on Goodyear Tires in Your Small Car



It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread **$23.50**

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread **$21.50**

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* **$4.50**

LIVES TO BE HUNDRED, BUT NEVER DANCED

Winsted, Conn., Sept. 15.—Mrs. Lucy H. Treat, who observed her one-hundredth birthday anniversary in Waterbury on Sunday, never danced. She admitted she always wanted to, but her parents' religious beliefs forbade it.

Speaking of Women Suffrage, she said she would never avail herself of it, and add: "I have always thought that it is the men who should go to the polls and have the final say about all things, although the women of today do not think so. I cannot quite become accustomed to hearing of women acting as automobile drivers, elevator operators and street car conductors."

MOVIES

Ingomar Theatre—"The Little Wanderer"

The attraction at the Ingomar Theatre tonight will be "The Little Wanderer" featuring Shirley Mason, star of "Her Elephant Man."

Richmond—Douglas MacLean.

Those delightful young persons, Douglas MacLean and Doris May are at the Richmond Theatre today in their latest comedy bombshell, "Let's Be Fashionable." They keep up the same rapid, joyful pace that they set in "Twenty Three and a Half Hours' Leave." No movie goer could ask more.

This time the pair are a couple of newlyweds who take up residence in a modest bungalow in an ultra-fashionable summer resort. Their efforts to keep abreast of society's fast whirl results in a host of laughable complications. Finally they decide that it is more important to be happy than to be fashionable.

A 2-ree Mack Sennett comedy "Up in Alf's Room" will also be shown.

LUZON SWEPT BY FLOODS

Heavy Loss Of Life And Much Damage Reported.

Manila, Sept. 15.—Heavy loss of life and damage resulted in the provinces in the Luzon island, of which Manila is the largest city, from the typhoon and floods on August 30, according to advices received today over communication facilities which were prostrated by the storm.

Several towns and villages were practically destroyed, many of the inhabitants drowning. The damage to rice and tobacco fields was exceedingly heavy. The insular government has taken measures to extend relief to the homeless.

STRIKERS SUGGEST DEBATE

Van Teamsters Propose Unique Plan To Settle Trouble.

New York, Sept. 15.—A unique suggestion for settlement of a labor controversy was offered today when the strike committee of the Van Teamsters' Union challenged the Van Owners' Association to debate the issues of the teamsters' strike, which started last week in Madison Square Garden.

The teamsters suggested that two-thirds of the garden be allotted equally to friends of the contending parties and the remaining one-third thrown open to the public.

AUTO THEFT RING UNCOVERED

High-Priced Machines, Stolen In West, Found in Rochester.

Rochester, N. Y., Sept. 15.—Through the recovery here of 12 high-priced automobiles, all of the same make, and nearly all 1920 models, and clues to as many more, alleged to have been stolen in Detroit, Toledo and Cleveland, the police believe they have unearthed an extensive syndicate by which stolen cars were brought here through devious channels and disposed of at bargain prices.

Eleven of the cars were taken from their new owners, notwithstanding their protests that they bought them in good faith from second-hand dealers here. Motor and factory numbers had been mutilated in a majority of cases, but failure to alter a secret number attached to the engine supplied the clue to their recovery.

NEAR EAST RELIEF ROBBED

Cases of Supplies Delivered Reveal Shortage Entailing Great Loss

Constantinople, Sept. 15.—Supplies valued at many hundreds of thousands of dollars have been stolen from the American organization for relief in the Near East recently, according to evidence placed before Charles Allen, American consul here. These losses have been partly due to the work of dishonest employes in Asia Minor and Armenia, but there are also indications that while the goods were in transit from the United States. they were subjected to theft.

Cases of condensed milk taken over from army contract supplies in the United States have been found to contain only three-quarters of the number of cans called for in the bill of lading. The spaces in these cases have been filled with American newspapers of recent date. It is related that on the body of an Armenian chauffeur who had been shot by bandits was found a letter from a relief worker to a superior officer stating that in one shipment of supplies there was a shortage of goods valued at $40,000

REFINED SUGAR DROPS TWO CENTS ON PACIFIC COAST

San Francisco, Sept. 15.—A reduction in the price of refined sugar to the jobber from 17 to 15 cents a pound was announced by the California-Hawaiian and Western Sugar Refining Companies here today. An increase in ray imports was given as the direct reason for the reduction here, Hawaiian shipments being especially heavy.

SUFFRAGE RATIFIED BY NUTMEG STATE

(Continued from Page One)

ber 20, to set up a final discouragement to those who would attempt to upset ratification by legal attacks. Such was the announcement from the headquarters of the National Woman's Party this afternoon, following the receipt of the news from Connecticut.

Miss Alice Paul, chairman of the woman's organization, who was in New York today, authorized the headquarters here to give out the following:

"With Connecticut's ratification today we feel the suffrage question is settled forever. The ratification by Connectiful absolutely settles all doubts as to the completion of the suffrage campaign. The attacks brought against the legality of ratification by Tennessee are now effectually met and there is no further doubt that all women in the country will vote in November."

ROBBED OF GEMS.

$30,000 Taken From New London Residence.

New London, Conn., Sept. 15.—The summer residence of Mrs. Helen D. McLanahan, Westmoreland, was entered by a thief about 1 o'clock this afternoon while Mrs. McLanahan and her three daughters were at lunch and about $30,000 worth of jewelry was stolen. It was a second story burglary.

SOLDIERS SAID TO ADMIT THEFT OF RELIEF FUNDS

Constantinople, Sept. 15.—Six former American soldiers who have been arrested in connection with thefts of supplies, from the American Committee of Relief in the Near East, have virtually confessed and promised to tell all they know in the hope that leniency will be shown them, according to officials investigating the situation. Thefts are said to total hundreds of thousands of dollars.

Charles Allen, American Consul here, is conducting the examination of the six men, and Charles R. Aldrich, a New York lawyer, is appearing in behalf of American contributors to the committee's fund. A long investigation is anticipated for the purpose of determining the extent of the thefts from the committee. It is declared they extend over a period of a year and a haf and invove officers of other charity war organizations who worked temporarily with the old American committee for relief in the Near East and then returned to the United States.

Julian Gillespie, of Dallas, Texas, formerly captain in the American Army, has been appointed counsel for the six prisoners. When the men were arrested they declared it would be unfair if they should suffer "and high officials who were responsible for larger sums should escape."

STRICT CENSORSHIP URGED FOR MOVIES

Washington, Sept. 15.—Comparing the moving picture "thriller" with the dime novel of a generation ago, the Rev. Dr. J. W. R. Maguire, of St. Viator College, Bourbonnais, Ill., delivered an address here today before the sixth biennial session of the National Conference of Catholic Charities and attributed juvenile delinquency in part to the "movies."

Delinquency among children was the principal topic of today's session and papers were read by a number of social workers and Catholic clerics.

"Grasping landlords and corporations" were denounced by Dr. Maguire as also responsible for juvenile delinquency in that they force such housing conditions that children are "driven into the gutter and gangsters are made of some of them.

NEW ORLEANS FIGHT BITTER.

New Orleans, Sept. 15.—What political authorities declared has been the most bitter municipal campaign since the overthrow of the Louisiana lottery came to a close here today with Martin Behrman, heading the regular Democratic organization, and Andrew J. McShane, leadeer of New Orleans Democratic association, predicting victory for their side in tomarrow's primary.

Behrman has been mayor for 16 years and his organization has been in power for 20 years.

There are three candidates for the United States Senate, Donelson Caffery, of New Orleans; Jared Y. Saunders, of Bogalus, and Edwin S. Broussard, of New Iberia. Three congressmen are unopposed.
